Describe the reason for your request. Please be clear and concise! You **must** include a description of the marking errors you have found. Please be aware that your entire item may be remarked.

- we cannot view annotated file submitted
- we received zero mark for questions for which we are sure we got correct.
for example for Query4, 8 we wrote cant solve the query for which
we received zero mark and the comment attempted to solve this impossible query
- we believe we got most, if not every, question correct. So the request is a full remark on every question in A1
